KANUSTADT MERAN. Die Geschichte des Meraner Paddelsports beginnt 1951 mit der Gründung der Sektion Kanu innerhalb des Sportclubs Meran. Seitdem trägt der Verein jährlich ein internationales Kanurennen aus. Meran zählt zu den wichtigsten nationalen und renommiertesten internationalen Austragungsorten. 1953, 1971 und 1983 fanden auf der Passer Weltmeisterschaften statt. 1994 wurden der Weltcup im Abfahrt-Sprint, 2001 und 2004 Weltcuprennen im Slalom ausgetragen. Der internationale Kanuverband hat Meran 2009, 2010, 2014 und 2015 als italienischen Veranstaltungsort für die ICF World Ranking Competition nominiert.

LA CANOA A MERANO. La storia della canoa a Merano ebbe inizio nel 1951, anno in cui venne fondata la Sezione Canoa dello Sportclub Merano, anche se i canoisti erano scesi sulle acque del Passirio già molto prima. In modo ininterrotto e costante, a partire dagli anni '50, la società ha sempre organizzato gare internazionali sul Passirio. Gli appuntamenti più importanti furono nel 1953, 1971 e 1983, anni in cui Merano ha ospitato i Campionati Mondiali di canoa e nel 1994 la Coppa del Mondo nella discesa sprint. Nel 2001 e nel 2004 la gara di Merano è stata inserita nel circuito delle gare di coppa del mondo. Nel 2009, 2010, 2014 e 2015, la federazione internazionale di canoa ICF, ha scelto Merano come luogo di manifestazione per la ICF World Ranking Competition.

CANOEING IN MERAN. In 1951, the canoe club was founded as part of the Sportclub Merano. Since then, Merano is one of the most important national canoe venues with an international reputation. The River Passer hosted World Championships in 1953, 1971, and 1983. The city of Merano has witnessed many canoeing highlights, like the national premiere of the World-Cup Sprint in 1994 and the World Cup Slalom events in 2001 and 2004. In 2009, 2010, 2014 and 2015, the International Canoe Federation (ICF) chose Merano as venue for the ICF World Ranking Competition.
